# CHAPTER 1

---

## Beschreibung

---

Inside the OTOBO standard system, the option `Ticket::Frontend::NeedAccountedTime` overrides the option `Action::NoteMandatory`. Therefore, it is not possible to configure dialogues without mandatory entry of articles and `TimeUnits`. This package changes the behaviour, `TimeUnits` are only mandatory if an article exists for it.

---

Systemvoraussetzungen

---

## 2.1 Framework

OTOBO 10.1.x

## 2.2 Pakete

-

## 2.3 Drittanbieter-Software

-
